

PROTEST MARCH

for a right to stay for everybody!

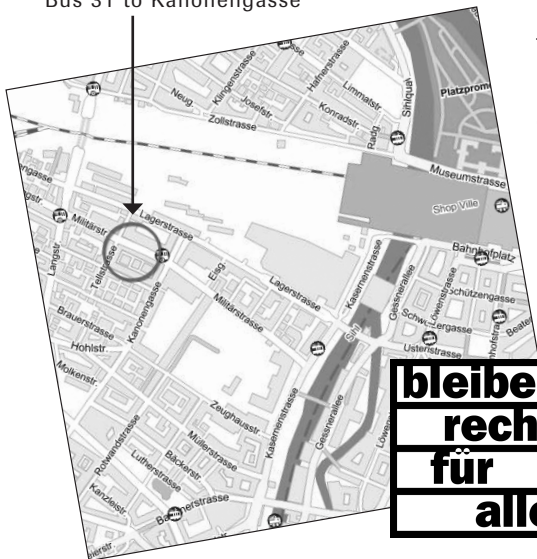

Sunday, 7th of december, 2008

People that are affected by the tightening of the asylum and aliens act are illegalized by the withdrawal or refusal of a secured status. They experience daily harassment and are excluded from society.

Meeting point: Kasama, Militärstrasse 87a, at 1.30 pm

Bus 31 to Kanonengasse

Together we march for a collective right to stay so that people can live a dignified life with future prospects.

We walk in groups from different places to the Pestalozzi-Wiese at the Bahnhofstrasse in Zurich. Starting 4.30 pm there will be a manifestation with tea, punch and music.
